Wedding Photography & Video

Our Wedding Packages

What is included in all our Wedding Packages

Full Day Cover: We will cover your Wedding Day from Bridal Prep through to the first dance (up to 2100 hrs) to capture your special images.

Images on a Heart Shaped USB Stick: A slideshow of all your images will be presented to you on a beautiful heart shaped USB with your album.

Professional Wedding Album: A Choice of Wedding Albums are included with our Packages in a range of popular designs. Details of each album is shown with each of our packages.

Online Gallery: You will have your own password protected Online Gallery featuring the images from your special day. Your guests will be able to order photographs and you will be able to make your album choices from the convenience of your own Online Gallery.

Pre-Wedding Consultation/Shoot: We will arrange a meeting prior to the big day to go over all your plans, and we will have a short photo shoot to help get to know each other. This is also a great opportunity to capture images suitable to use for a **Signing Print** for your guests to write their names on during the Wedding Day.

Signing Print: This is an 18 x 12 inch print of your choice surrounded by a wide mount card that your guests will be able to write their names on. The print from the pre-wedding shoot can be replaced later with an image from the Wedding Day.

Wedding Video

Or “Movie” as they should be called these days!

So many Brides & Grooms rule out video for their big day often due to budget. We aim to have an affordable movie package for you to include in your wedding plans.

Lets keep it simple! If you book us for your wedding photography, then we can provide single fixed-camera movie footage of the main parts of your wedding for **only £495**

As an alternative if your budget stretches a little farther we can offer you a two-camera movie, with hand-held footage, giving you a more professional feel with various shooting angles. This will be edited together to give a more comprehensive coverage of the events throughout the time we are with you. This two-camera cover can be provided for **only £795**

Both of the packages cover the important parts of the time you have booked us to be with you. These are usually the service, the speeches, and the first dance. It is a simple movie service we are offering, but we have many happy wedding clients with movie coverage of their day who thought they would have to go without! Short examples of our movie work can be seen on the [website](#).

NB// The prices for movie coverage shown above can only be applied to those couples booking a photography package with us.
